

Pasupuleti Veni Sri Sowrya

Tanuku, Rajahmundry • (+91) 9182873185 • sowrya2809@gmail.com
<https://github.com/sowrya2809> • <https://www.linkedin.com/in/sowrya127001/>

Ambitious **E.E.E. Graduate** and **Aspiring Developer** with a strong foundation in **Java and MATLAB**. Proven track record in technical competitions and hands-on experience in **full-stack development** and simulation projects.

Technical Skills

- **Languages:** C, Java Programming.
- **Tools/Software:** MATLAB, VS Code, Github, PLC, PCB Design.

Projects

Speed Control of Electric Vehicles using Adaptive PID Controller | MATLAB, Simulink

- Developed a speed control system for electric vehicles using an Adaptive PID controller that continuously tunes control gains in real time to maintain accurate and stable speed under changing road and load conditions.
- Validated the approach through simulation and performance analysis, achieving faster response, reduced overshoot, and improved robustness compared with conventional fixed-gain PID control.
- **GitHub:** [sowrya2809/Speed-Control-of-Electric-Vehicles](https://github.com/sowrya2809/Speed-Control-of-Electric-Vehicles)

Solar Tracker System | Embedded Systems, Hardware Design

- Engineered a dual-axis tracking system designed to align solar panels with the sun's trajectory automatically.
- Increased energy absorption efficiency by approximately (X)% compared to fixed-panel systems through precise sensor integration.

Personal Portfolio Website | HTML, CSS, JavaScript

- Designed and deployed a responsive personal portfolio to showcase technical skills, academic achievements, and a digital version of my resume.
- Implemented a clean, user-centric UI/UX design with smooth navigation and contact form integration.
- **Link:** (Insert Link, e.g., GitHub Pages or Netlify URL)

Internships & Workshops

- Cybersecurity Internship in Palo Alto Networks (Mar - May 2022).
- MCoreta Workshop on Data Access of Industrial Multi Function Meter (March 2023).
- Administrator virtual internship in Salesforce (Smart Internz) (April - May 2023).
- Developer virtual internship in Salesforce (Smart Internz) (May - July 2023).
- APEPDCL Industrial Training Internship on Switch Gear Protection (SGP) (Dec 2023 – Feb 2024)

Acheivements & Awards

- | | |
|---|------------|
| • 1 st Prize in Power Point Presentation on Engineers Day (LIET) | Sep 2022 |
| • 1 st Prize in Technical Quiz on Engineers Day (LIET) | Sep 2022 |
| • 2 nd Prize in Project Expo on Engineers Day (LIET) | Sep 2022 |
| • 1 st Prize in ROBO WAR on LAKSHYA dept fest (LIET) | March 2023 |
| • 1 st Prize in Paper Presentation on LAKSHYA dept fest (LIET) | March 2023 |
| • 2 nd Prize in Power Point Presentation on LAKSHYA dept fest (LIET) | March 2023 |

Education

2020 - 2024

Bachelor of Technology | Lendi Institute of Engineering & Technology (LIET) | Vizianagaram | J.N.T.U.G.V
Electrical & Electronics Engineering (EEE) - 8.62

2018 – 2020

Intermediate (11th & 12th) | Narayana Junior College | Vizianagaram
MPC – 8.8

2017 – 2018

10th | P.S.R High School | Vizianagaram
SSC – 9.3

Certifications

- | | |
|------------------------------|---------------------------|
| • Programming in Java | NPTEL |
| • Introduction to IOT | NPTEL |
| • C Programming | Programmers Corner |

Declaration

I hereby declare that all the details provided above are true to the best of my knowledge.
